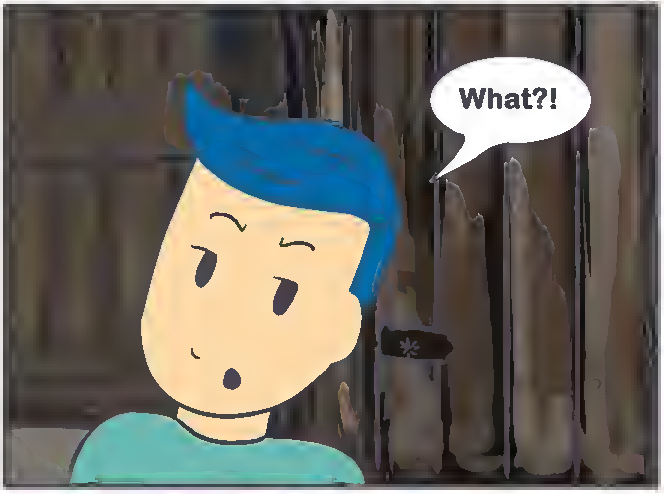
NICHOLALALA

So we couldn't make the scary ghost leave the school

What about your ghost friend?
She couldn't help?

She's only good at looking at butts...



What?!

Nothing!

Maybe the only solution is to burn the school down!

No!
Well... roosters only work a little bit...

I gotta go...
Don't burn down the school!

What are you doing?

Oh... I discovered something!

No one has died in that school for a long time

But people have only just started seeing the ghost...

Exactly
So something must have happened. Something disturbed her! We gotta find out what...

What disturbed you school ghost?

to be continued...
